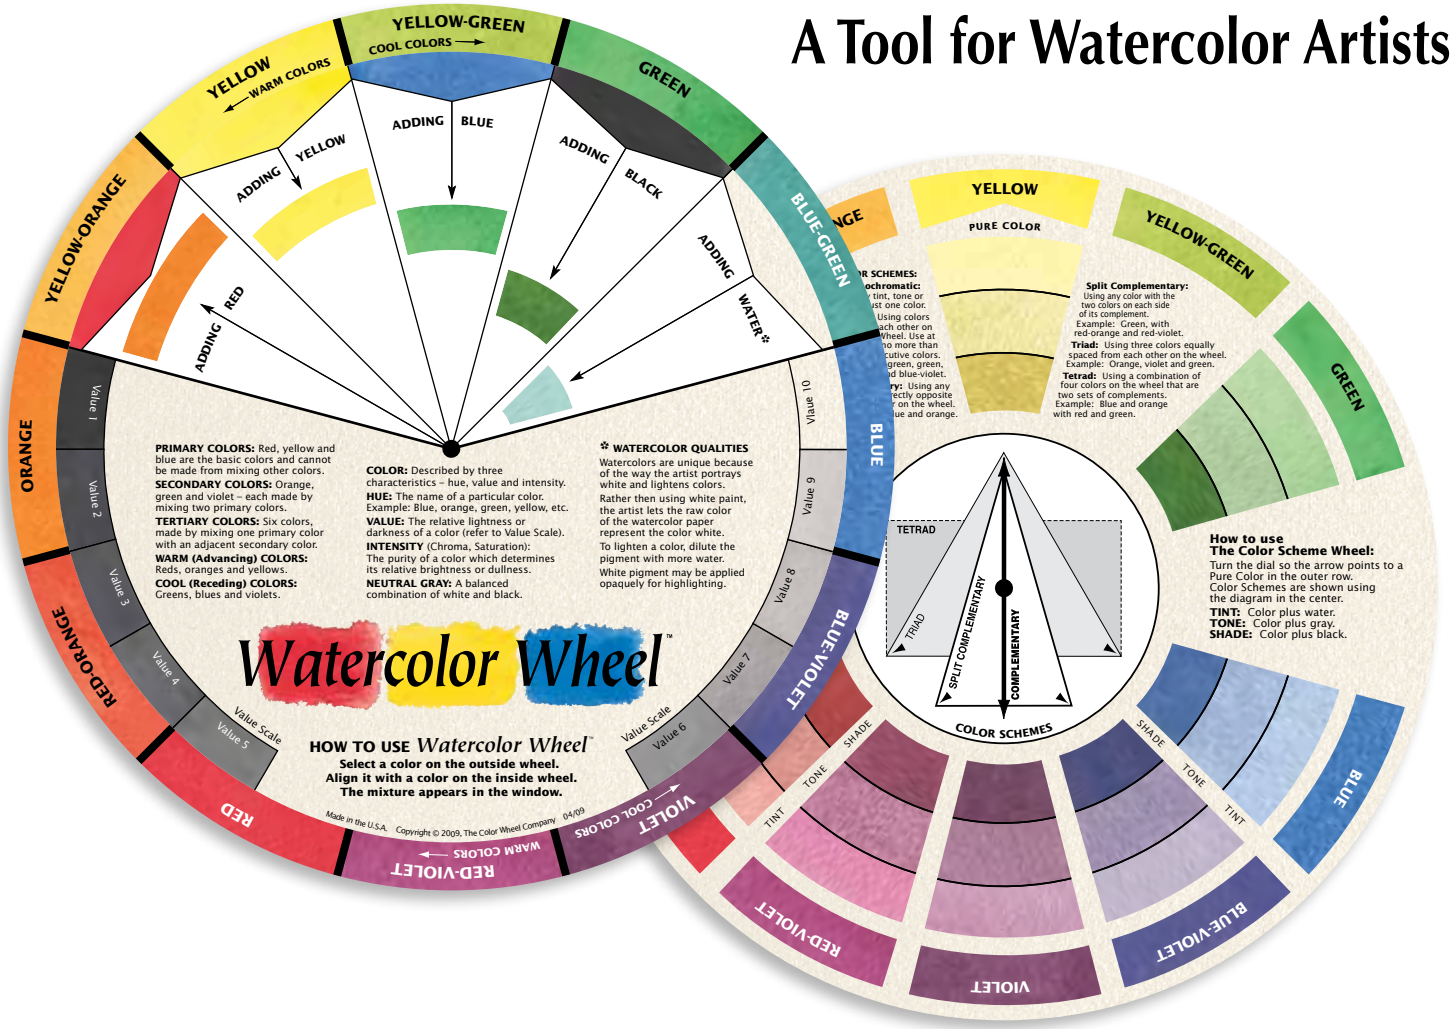
Watercolor Wheel™

A Tool for Watercolor Artists



The *Watercolor Wheel*™ is a tool designed to assist artists in mixing watercolors and to help achieve color harmonies.

This *Watercolor Wheel*™ was developed by artist and author Dan Bartges, in cooperation with The Color Wheel Company.

The *Watercolor Wheel*™ provides an extension to our popular **Color Wheel™** which was designed to help all those who utilize color.

The *Watercolor Wheel*™ features:

- Mixtures created with actual watercolors
- Illustrations painted on real watercolor paper
- Color schemes described on back of the wheel
- Glossary of 20 key terms and definitions
- 9 ½" diameter, two sided, rotating wheel
- Includes a useful Value Scale
- Valuable tool for all watercolorists
