

Front_&_Back.pdf

The *Watercolor Wheel™* is a tool designed to assist artists in mixing watercolors and to help achieve color harmonies.

This *Watercolor Wheel™* was developed by artist and author Dan Bartges, in cooperation with The Color Wheel Company.

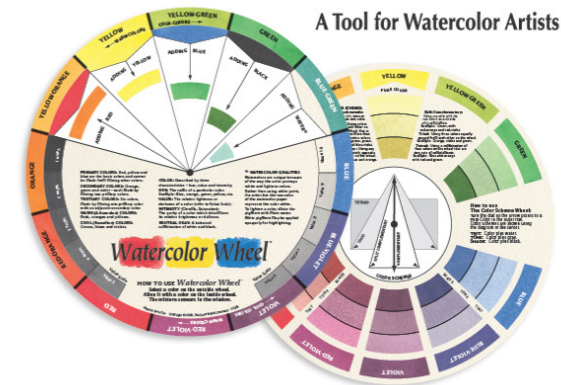

The *Watercolor Wheel™* provides an extension to our popular *Color Wheel™* which was designed to help all those who utilize color.

The *Watercolor Wheel™* features:

- Mixtures created with actual watercolors
- Illustrations painted on real watercolor paper
- Color schemes described on back of the wheel
- Glossary of 20 key terms and definitions
- 9 1/2" diameter, two sided, rotating wheel
- Includes a useful Value Scale
- Valuable tool for all watercolorists

Watercolor Wheel

A Tool for Watercolor Artists
